## Kafko Standard of Quality

We've manufactured quality liners for 60 years. Kafko offers only premium pool liners designed to withstand harsh environments.

Kafko vinyl liners are manufactured with bleach resistant inks and UV inhibitors to protect against fading and sun damage. Our liners are equipped with algae inhibitors, which aid normal sanitizers to protect your liner for a long life.

We have a variety of choice patterns available in 20 or 27 Mil, 27/27 Mil blend, 27/20 Mil blend. Ask your Kafko dealer for information on which choice is right for you.

Kafko True-Fit liners are manufactured under strict Quality Control Procedures to ensure exact fit.

Available in a wide array of styles and custom designed shapes, choose a Kafko new or replacement liner to stylize your backyard!

Visit [kafko.com](http://kafko.com) for a complete description of all our product offerings.

**TRUE·FIT®**

Ask about our additional WARRANTY OPTIONS.

- Kafko prints are copyright and industrial patent design protected.
- Color of material may vary. Ask to see an actual vinyl sample.

Featuring

**ULTRA·SEAM®**  
Patent Pending

Liner Technology

Standard on every Kafko Liner.  
The strongest seams you'll never see! **Over 500,000 installs!**

**Ultra-Seam®**  
No visible floor seams.

**Standard**  
Floor seams are visible on standard liners.

**Ultra-Seam®**  
No visible floor seams.

Standard pool liners present visible lines on the pool floor at the seams which ultimately detract from the beauty of the pool. Our innovative Ultra-Seam® technology elevates our liners to an entirely new category.

This exclusive process makes floor seams stronger and virtually invisible, so there's nothing that gets in the way of the picture perfect beauty of your pool! Standard on every Kafko Liner.

For more information, ask your dealer about Ultra-Seam!

### FEATURING OUR PEARLSCAPE™ COLLECTION

Latham offers an extensive array of designer patterns. The newest addition is our Pearlscape Collection. Iridescent inks are introduced into our traditional vinyl liners and these iridescent inks create a luminous shimmer and sparkle in your pool.

The unique Pearlscape Collection liners are made from the best vinyl material available. They are treated to resist algae growth and are UV resistant for a longer life.

## Safety Information

- IMPORTANT: A number of very important items that are essential for the safe use of your pool may not be visible in many of the photographs, either because of perspective or camera angle, or because they were removed for photographic purposes. These items include, but are not limited to:
1. Safety ropes, which should remain in place at all time;
  2. “No Diving” signs, which are provided and should be installed in accordance with instructions included on the coping or liner, where they are clearly visible;
  3. An area sign is provided and must be permanently and conspicuously affixed in the pool area where all users can see it;
  4. Necessary means of exit and entry into the pool;
  5. Fencing with a self-latching gate, and other barriers that can assist in preventing unsupervised access to the pool by children;
  6. Approved drain covers and other devices to protect against suction entrapment;
  7. Minimum required inlets and returns to ensure proper water circulation;
  8. Appropriate in pool lighting if the pool will be used after dark.

All of these devices should be installed in accordance with manufacturer’s instructions, ANSI/NSPI or ANSI/PHTA or ANSI/APSP/ICC standards, as well as state and local statutes and codes.

Diving boards and slides require minimum depths and distances and must only be installed and used in strict compliance with the equipment manufacturer’s specifications and ANSI/NSPI or ANSI/PHTA or ANSI/APSP/ICC standards. If the pool is labeled by us as NON-DIVING, then diving equipment may not be installed and any such equipment must be removed before the pool is used.

Smart pool owners always think safety first. They take specific steps to ensure that their family, friends and guests are knowledgeable about the safe and sensible use of their pool. They also:

- ensure that their pool is never used unless there is adequate supervision;
- ensure that their pool is kept in good repair and is not used when there is a missing or broken drain cover or other component;

- ensure that ALL CHILDREN using their pool are supervised constantly;
- that anyone under the influence of alcohol, drugs or stimulants that would impair their abilities or judgement does not use the pool;
- ensure that their pool is protected by appropriate barriers to unsupervised entry including fencing with self latching gates, covers, alarms, etc.

To assist you, a number of very important items of safety literature are included with each pool liner also available upon request. We must insist that you read each item carefully and follow its instructions. These are:

- Pool Owners Safety Handbook
- PHTA “Sensible Way” Book
- Vinyl Swimming Pool Liner–Warranty
- “Children Aren’t Waterproof” Book
- “No Diving” Labels
- Area Sign

Make sure your builder supplies you with all of the safety information that accompanies your pool and installs the enclosed warning stickers and area sign where they can be clearly visible to all who use the pool.
